First, I would like to appreciate and thank Jesus for all of you for persevering and remaining faithful to the Lord as you shepherd your own discipleship groups. Praise God!

Recently, I have been communicating from the pulpit how the 360-degree feedback helps CCF when it comes to gauging and improving the spiritual health of the pastors and staff. We would now like to implement the 360-degree feedback for all our Dgroup leaders. This will provide each DLeader an opportunity to receive feedback from their family, upline DLeader, co-DMembers and downline DMembers about areas in their life where they are doing well and where they can improve.

Beloved DLeaders, we value you as part of the body of Christ and this is an opportunity for you to exemplify humility and Christlikeness. Through this process, we can continuously guide you in your walk with the Lord and help you with your leadership. My desire is that all of us will persevere as we all fulfill God's mission and vision through His church.

I pray that as we go through this exercise, we will be quick to hear, slow to speak, humble, and willing to improve, knowing that a family member as well as brothers or sisters in Christ are giving you feedback out of love.

May our ears be open to life-giving feedback that will glorify our Lord and Savior, Jesus Christ. God bless us all!

In Christ,

Dr. Peter Tan-Chi

Senior Pastor, Christ's Commission Fellowship
